

Adjunct (Part-time) Faculty Position Physical Science

WVU Parkersburg is a Community and Technical College located in Parkersburg, WV, with a branch in Ripley, WV, and soon to be Vienna, WV (We are not a branch of West Virginia University). We are dedicated to teaching and are accredited by the Higher Learning Commission to offer certificates, associate and bachelor's degrees. This position may require work at our Main Campus in Parkersburg, WV, or at one of our branch locations in Vienna, WV, or Ripley, WV. Teaching assignments may include evening, weekend, hybrid and/or totally on-line instruction.

Adjunct faculty appointments are part-time temporary, non-benefits-eligible assignments for one semester in duration, with a teaching load not to exceed 9 credit hours.

To Apply

- Submit a resume/CV and an unofficial copy of your college transcripts electronically to apply@wvup.edu; indicate which course/division in the subject line.
- WVUP is an Equal Opportunity/Affirmative Action Employer. Minorities/Veterans/Disabled Encouraged to Apply.

Job Summary

WVUP is seeking a positive and knowledgeable Adjunct Professor in Physical Science to join our Science Department. The adjunct professor will deliver high-quality instruction to undergraduate students, fostering a positive and engaging learning environment. The successful candidate will be committed to student success and demonstrate expertise in physical science topics such as introductory physics, chemistry, geology, and astronomy. The successful candidate will be willing to accommodate students who are presently employed in the manufacturing and chemical industries and be willing to serve the needs of those industries.

Posted

03/10/2025 and will remain active until filled.

Effective

Summer 2025 and Fall 2025 semester

Requirements

- Master's degree with a minimum of 18 semester hours graduate credit in Physical Science discipline or related field.
- Demonstrated knowledge of physical science concepts and laboratory practices.
- Experience teaching in-person and online courses.
- Familiarity with diverse learning styles and instructional strategies.
- Excellent communication, interpersonal, and organizational skills.
- Commitment to fostering an inclusive and supportive learning environment.
- Proficiency with educational technology and learning management system.

Responsibilities

- Deliver curriculum for physical science courses in alignment with department standards.
- Provide engaging and effective instruction through lectures, discussions, and laboratory exercises.
- Assess student performance through assignments, exams, and projects, and provide constructive feedback.

- Collaborate with the Science Department to ensure curriculum consistency and relevance.
- Utilize instructional technology and online learning platforms as needed.
- Maintain accurate records of attendance, grades, and other required documentation.
- Stay current with advancements in physical science education and integrate best practices into teaching.
- Adhere to institutional policies and procedures.

West Virginia University at Parkersburg is an Equal Opportunity/Affirmative Action Institution and does not discriminate on the basis of race, sex, pregnancy, sexual orientation, age, disability, veteran status, religion, color, ancestry, or national origin in admission, employment, educational programs or activities; nor does it discriminate on the basis of genetic information in employment or employee health benefits. Further, faculty, staff, students, and applicants are protected from retaliation for making complaints or assisting in investigations of discrimination. West Virginia University at Parkersburg will take steps to assure that a lack of English language skills will not be a barrier to admission and participation in career and technical education programs.
