

Welcome to WVU Parkersburg's Center for Student Support Services!

Our mission is to ensure that every student has an equal chance for success in their chosen academic path. In support of our students, the Center for Student Support Services provides mental health counseling and disability/accessibility accommodations.

Mental Health Services: Entering a new environment can be stressful and overwhelming for anyone regardless of age or circumstance. The Counseling Office, located within the Center for Student Services (Room 1107), offers students free short-term counseling for issues such as depression, anxiety, stress management, substance/alcohol issues, trauma, personal loss and crisis counseling. The Counseling Office also offers couples/family counseling, problem solving sessions for students, and can provide outside referrals for longer-term mental health services.

Disability/Accessibility Services: All students deserve an opportunity for academic success, and the Disability Services Office, located within the Center for Student Services (Room 1107), is committed to aiding qualified students with disabilities achieve their higher education goals.

Working together is the best way to make your college experience as stress-free and enjoyable as possible. In addition to talking with a member of the Counseling & ADA team, you may also visit our page at: <https://wvup.edu/current-students/services/>
